Viva expands IML Tubes with diverse range of tip styles (2014-04-11)

Viva has expanded its injection-molded tube making capabilities with several innovations in order to enter into current and emerging market segments.

By launching different tube accessories, Viva can offer a superior tube while meeting specific functional needs across key market segments (e.g. cosmetics, personal care, pharmaceutical, food etc).

Type of tip insert

- Small size needle tip
- Medium size needle tip
- Lip Balm tip

Features

- All tip inserts can be matched with 19mm, 22mm, 35mm, 40mm, 50mm tube diameters
- Customizable orifice sizes
- Custom-design and build new tip inserts within a 4 week lead-time

Viva Healthcare Packaging is a global leader in injection-molded tube manufacturing with ISO and GMP certified operations in Canada, Hong Kong, and Poland. Viva's Injection-Molded Tube offers superior printing and full coverage graphic quality by utilizing state-of-the-art in-mold labeling technology, now patented across 39 countries worldwide.

The Viva Tube is validated as the most eco-friendly choice in tube packaging, with the lowest environmental footprint, and as a uniquely 100% PP (category 5) package it is celebrated as the only fully recyclable tube available. Viva's highly integrated manufacturing systems yield efficiencies that produce consistent high quality with very short lead times.
